BUDDHA PATH & ORGANIC GARDEN

Guests are invited to explore our Buddha Path, guiding them directly to our organic garden. Along the path, you'll discover several natural seating areas ideal for meditation and enjoying the picturesque scenery of our garden.

Our garden is cultivated without the use of pesticides or chemicals. Instead, we rely on 100% natural solutions like neem oil to fortify plants and repel insects. We use ingredients sourced from our organic garden to craft the meals served at both of our restaurants.
